

From the Pastor

Week of May 25, 2008

Memorial Day is a time for reflection and remembering.....a time of giving thanks and honor to those who paid the ultimate price for our nation's preservation. It is a time to honor those who are presently serving in our military as we remember with gratitude those who have served in generations past. To you who have served our country and to those who now serve, we give you our thanks and pledge our support. May the Lord continue to bless America and may we always remain faithful to the cause of freedom and the defeat of tyranny.

Even as we memorialize those who have given their lives for our nation, we also want to honor those of our church family who have entered into their eternal reward during the past year. This being the first time to do this, we have included those who passed away during the past eighteen months. These are "soldiers of Jesus Christ" who we remember with thanks and sincere gratitude for their service to the Lord:
